350x385x80 mm

Weight:
5,000 kg

*Folding seat - soft, round forms and dampened closing.
For the shower or as an extra seat elsewhere in the
bathroom.*

Material Description

Folding seat:

The material is colour ingrained duroplast (UF A 10 = urea formaldehyde) containing no environmentally hazardous substances. The body consists of approx. 50% urea (NH₂CONH₂), approx. 25% cellulose and approx. 25% formaldehyde (HCHO), as well as small amounts of various fillers and additives.

Wall mount stainless steel (V2A) Type W no. 1.4308

Support stainless steel (V2A) Type W no. 1.4308

Striker plate stainless steel (V2A) Type W no. 1.4301

Shaft stainless steel (V2A) Type W no. 1.4301

Handle PA66 30% GF. Polyamide (glass-fibre reinforced nylon)

Damper make/model TOK model TD 58

Mounting

The seat can, with the appropriate mounting kit, be mounted in concrete or similar solid materials with a compression strength exceeding 20 N/mm². Other wall materials require an extraction strength of 1.2 kN per screw times the safety factor for the screw.

Cleaning Instructions

Use a mild soap solution. Seat should not be left damp, but be dried with a soft cloth. When using abrasive, corrosive or chlorine based cleaners, avoid contact with the seat.

The guarantee includes faults or defects in the material of our products within a period of 10 years. Products subject to minor technical modifications and design deviations E. & O.E.
